

ITMA 2019

**20-26 JUNE 2019**

FIRA DE BARCELONA, GRAN VIA  
**BARCELONA, SPAIN**

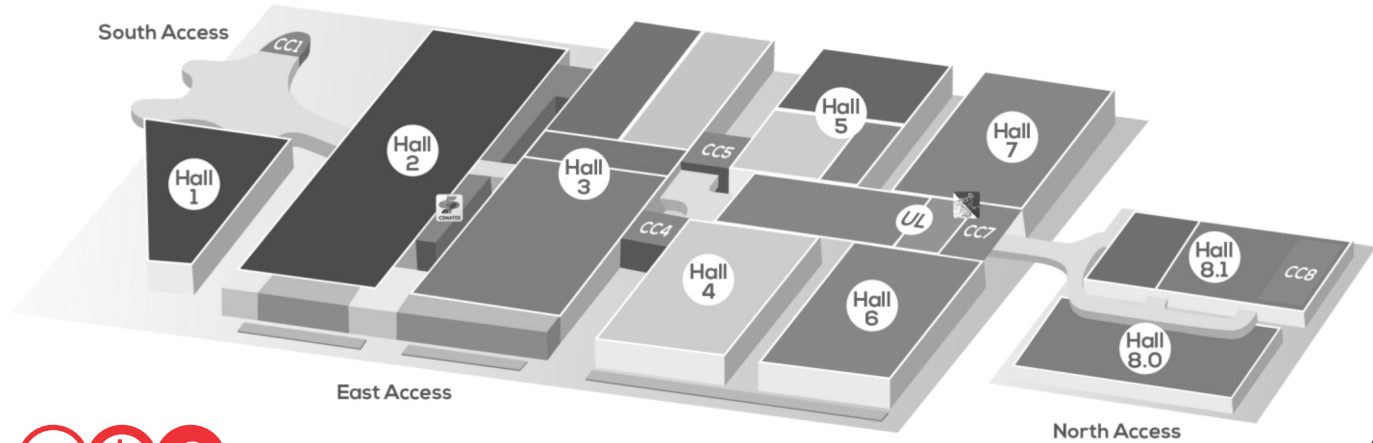

**A.T.E. - ITMA 2019 Guide**

Spinning machinery and accessories		Principals	Hall	Stall	Highlights
	 BMSvision	BMS	H4	B204	Industry 4.0, mobile MES solutions and smart textile manufacturing
		Truetzschler Card Clothing	H6	B101	New developments in card clothing
		Truetzschler	H6	B101	Automatic bale opener BO-P, TC-19 card, TD 9T and TD10 draw frames
		SSM	H6	C201	Winders for applications such as staple and filament yarn, dyed yarn, coarse technical yarn, etc.
		Savio	H7	A210	Polar Evolution and EcoPulsarS winding machines, multi link system, and Smart Bracelet
		MAG Solvics	H7	B121	Fully automatic fibre testing, trash separator, AccNeps, TensoMaster, evenness tester, universal strength tester, IR lab dyer, SPinFO
		TeraSpin (A.T.E.)	H7	D224	Smart Yarn Catcher (SYC) spindle, premium spindle, and new top arm for ring frames
		Datatex	H8.1	A103	Sales app, vendor portal, industry 4.0 shop floor automation (CAMS, new version), machine scheduling solution (MQM, new version), plant maintenance on mobile
		Luwa	H8.1	A210	Multi cell filter and Tex Guard metal and fire protection systems

	Principals	Hall	Stall	Highlights
	PMT Ribbons	H2	B110	Waterless dyeing solutions for narrow fabric
	Xetma Vollenweider	H2	C306 / 307	Latest model of wide width shearing machine for carpets
	Zimmer	H3	A207	Digital printing systems for carpets
	Matthys Group	H4	D202	CPAS (carpet end-short side overedging machine), Profitwinder - rewinder for residual packages, and robot for picking up bobbins
	China Texmatech	H5	D108	Winders for filament and PSF
	Power-Heat-Set	H7	D206	Carpet yarn heat setting machines - HiPerSet and GVA TwinAccuV2
	Trützschler Nonwovens & Man-Made Fibers	H6	B101	Mother roll winder TWW-SD (for manufacturing of green wipes) Re-designed draw panel of 4-end BCF machine
 KARL MAYER	KARL MAYER	H8	B107	<b>Warp knitting:</b> New RSJ 4/1 ON raschel machine, new RDPJ 6/2 EL double raschel machine, new HKS 3-M-ON tricot machine. <b>Warp preparation:</b> New MULTI-MATIC® 32 sample, short production warps, ISODIRECT and PRODIRECT direct beamers, MULTIGUARD prototype alongwith KM.ON digital solutions for KARL MAYER group
	Luwa	H8.1	A210	MCV (compact secondary filter unit), new, higher efficiency cyclone, and Loomlite (weaving shed humidification system)

Processing		Principals	Hall	Stall	Highlights
		Color Service	H1	A115	Dyes and liquid chemical weighing/dosing system for small machines
		Stalam	H1	A121	RF ECO+ series dryer
		Mahlo	H2	C203	Patcontrol PCS-15 pattern control system Famacont PMC-15 weft thread and course density control
		Danti Paolo	H2	C205	Double drum raising machine VR9000 - a new design
		Corino	H2	C208	Superslit with a padder and antipilling tank, ST4 tubular squeezer, F-TRE three roller padder
		Guarneri Technology	H2	C211	Nipco L 3200 mm calender
		A Monforts	H2	D101	Stenter and texCoat unit
		Fong's	H2	D101	TECWIN - 600 kg high temperature soft flow dyeing machine for knits
		Goller	H2	D101	Open width knit merceriser with the latest SINTENSA cyclone drum washing compartment
		Monforts Fong's	H2	D101	Eco Applicator for finishing application in stenter
		THEN	H2	D101	New Smartflow TSF jet dyeing machine
		Osthoff Senge	H2	D207	Two burner singeing machines, brushing unit, and online hairiness tester
		Zimmer (Kufstein)	H3	A207	Colaris 96-3400 digital pigment printer
	with Union International	Zimmer (Klagenfurt)	H3	A207	Rotary screens printing and coating machines
		Screen-O-Tex	H3	C201	Rotary screen for printing
		Texpa	H3	D249	Terry cross hemmer, curtain/bed linen folding machine
		SSM	H6	C201	Precision package winder for dye package and rewinding
		A.T.E. HUBER Envirotech	H8.1	B119	Wastewater treatment and sludge management solutions
